Continuing Friends of the Lakes & Streams:

Hello friends, it is my great pleasure to announce that the Steuben County Lakes Council has reached a 50-year milestone. We are so proud of our accomplishments and the support we continue to receive from our members. This work and longevity could not be possible without you. So, we want to celebrate! The planning for this 50-year celebration has begun and you will receive more information as we narrow down the event. Last year, even with the looming pandemic this organization grew. More members, more businesses, more lake associations. We Thank everyone and are dedicated to keeping this Lakes Council the envy of our surrounding states.

In 2022 we will celebrate 50-years of "Protecting Our Lakes Today, for Tomorrow." Will you please help us continue this mission by returning the registration form below and returning it with our contribution? The lakes and streams of Steuben County need your help.
